About the portal

TRACES is a web-based application of the Income Tax Department that provides an interface to all stakeholders associated with TDS administration. It enables viewing of challan status, downloading of Conso File, Justification Report and Form 16 / 16A as well as viewing of annual tax credit statements (Form 26AS).

Highlights of the Portal

Background

Tax Deduction at Source (TDS) is one of the means of collection of direct taxes. TDS constitutes nearly 40% of the direct tax collections.

LEGACY

In the legacy system, the deductees claimed TDS credits based on manual TDS certificates, issued by the deductors. There was no correlation between tax deductions, tax payments and issuance of TDS certificates. Verification from the deductor was limited & restricted. Thus, the conventional practice of giving credit of tax deductions, based on manual TDS certificates was open ended leading to tax frauds.

PLUGGING THE GAP

The tax deductors electronically report TDS to the Income Tax Department through quarterly TDS statements. The deductor is obliged to report the following details:

- PAN & Name of the deductee;
- Nature, extent & the date of transaction;
- Amount, rate & the date of tax deducted/collected at Source;
- Details of tax payment including the amount & date thereof

Based on the information submitted by the deductor, the deductee is given credit of taxes. Therefore, a robust mechanism that ensures correct, reliable flow of data to the department's database and its collation on the basis of taxpayer identifier(s) (PAN) prevents revenue leakage.

Centralized Processing Cell for TDS (CPC(TDS)) has been conceptualized to ensure a seamless flow of data for tax credits. It leverages technology to provide efficient services. CPC(TDS) introduces transparency in the processes through online display of information. Thus, it forms the backbone of overall TDS administration of the Income Tax Department.

Concept

- Centralized Processing Cell (TDS) is a technology driven transformational initiative on 'Tax Deduction at Source' that provides a comprehensive solution through 'Tax Deduction, Reconciliation, Analysis and Correction Enabling System (TRACES)' - its core engine.
- CPC (TDS) undertakes bulk processing of TDS statements to generate 'Annual Tax Credit' statements for each taxpayer (PAN holder) in Form 26AS, TDS certificates in Form 16 / 16A & identifies TDS defaults of short payment, short deduction, interest etc.
- CPC (TDS) reconciles and co-relates information from various sources including banks (tax payment), deductors (reporting tax deduction), Assessing Officers (mapping no tax / low tax deductions) and tax professionals (reporting international transactions).

With its inclusive approach, the initiative provides bouquet of services to its stake holders including deductors, deductees, Principal Accounts Officers of the Central and State Governments & the officers of the Income Tax Department.

The users/ stakeholders interact with the CPC (TDS) system and with each other through multiple channels of communication including Call Centre, e-mail, website etc.

India is amongst very few countries where Comprehensive Solution for withholding tax (TDS) has been put in place.

Approach & Strategy

Uniformity

Uniform interpretation of laws & procedures through conversion of laws into set of mathematical formulae.

Simplification

Simplification & standardization of Backend & Frontend processes. Redesigning & reduction in number of Forms.

Accessibility

Services at the doorstep of taxpayer – any time / anywhere & realizing jurisdiction free tax administration for bulk processes.

Good Tax Governance

Each Rupee that is collected is accounted for. Robust reconciliation of tax collected vis-à-vis tax credits claimed.

Empowerment

Empowering the taxpayer with information, knowledge of laws & procedures and status of the proceedings. Multiple communication channels.

It is a privilege to be part of
the inauguration of this excellent
facility. This CPC TDS comes as
a boon to the tax payer as well
as for the government.

My congratulations to all those
who have labored for this launch
and my best wishes for the sustained
delivery of services to the tax payer
from this Centre.

I am greatly honoured to be at the helm
of affairs on the day that the Hon'ble F.M.
has inaugurated this CPC (TDS) which
has been seen as a world class facility.
The team work is visible and is greatly
to be appreciated. I am sure that the
citizens of the country will be benefited
and the Income Tax Dept. will contribute
in large measure to the developmental efforts
of the G. D. I by assisting in revenue
augmentation while providing excellent taxpayer
services.

I congratulate all who participated in
today's effort.
