Applicability of GN

The Accounting Standards Board has now prescribed the formats for the presentation of the financial statements of Non-corporate Entities in the form of Guidance Note, which were earlier issued as a part of Technical Guide. The objective is to standardise the formats of financial statements for these entities and to enhance the quality and comprehensiveness of the financial reporting by these entities.

This Guidance Note is relevant for the purpose of preparation of the financial statements of the above mentioned Non-Corporate Entities unless any formats/principles are specifically prescribed by the relevant Statute or Regulator or any Authority, e.g., formats have been prescribed for Trusts under Maharashtra Public Trust Rules, 1951, Autonomous Bodies under Government of India are required to compile their accounts in a uniform format of accounts as prescribed by Government of India, Ministry of Finance, Guidance has been specifically given by ICAI (e.g., Educational Institutions, Political Parties, NPOs, etc.).

Changes in Terminology

GENERAL INSTRUCTIONS FOR PREPARATION OF BALANCE SHEET AND STATEMENT OF PROFIT AND LOSS OF A NON-CORPORATE ENTITY

1. (a) These formats shall apply for preparation of Balance Sheet and Statement of Profit and Loss of a non-corporate entity. Where compliance with the requirements of the relevant statute including Accounting Standards as applicable to the Non-Corporate entity require any change in treatment or disclosure including addition, amendment, substitution or deletion in the head or sub-head or any changes, inter se, in the financial statements or statements forming part thereof, the same shall be made and the formats shall be modified accordingly.
- (b) This Guidance Note uses terminology that is suitable considering the nature and business of non-corporate entities in general. However, certain non-corporate entities may need to amend the descriptions used for particular line items in the formats of financial statements and for the financial statements themselves, e.g., Association of Persons may need to use terminology “members’ funds” instead of “owners’ funds”.

Cash System of Accounting

Cash System

- **AS applicable to the extent applicable**
- **Format use of Non-Corporate / LLP / NPO**
- **AS I – Accrual system**
- **ICAI – 1991 announcement**
 - **In cases where the statute governing the enterprise requires the preparation and presentation of financial statements on accrual basis but the financial statements have not been so prepared, the auditor should qualify his report.**
 - **On the other hand, where there is no statutory requirement for preparation and presentation of financial statements on accrual basis, and the financial statements have been prepared on a basis other than ‘accrual’ the auditor should describe in his audit report, the basis of accounting followed, without necessarily making it a subject matter of a qualification.**

Cash System

- **Disclosure in the audit report:**
- **“It is the policy of the enterprise to prepare its financial statements on the cash receipts and disbursements basis. On this basis revenue and the related assets are recognised when received rather than when earned, and expenses are recognised when paid rather than when the obligation is incurred.**
- **In our opinion, the financial statements give a true and fair view of the assets and liabilities arising from cash transactions of at and of the revenue collected and expenses paid during the year then ended on the cash receipts and disbursements basis as described in Note X.”**

Cash System

- **Revenue** - In case, revenue has not been received in cash, however, TDS made and deposited by the payer, in that case, revenue shall be recognised equivalent to the amount of TDS.
- **Borrowing:**
 - Interest on Loans - to be paid
 - Capitalisation of borrowing costs shall commence when expenditure for acquisition, construction or production of a qualifying asset is paid & all activities necessary to prepare qualifying asset for its intended use or sale are in progress.
 - Borrowing costs paid after substantial completion of all activities necessary to prepare qualifying asset for its intended use or sale shall be expensed off.

Cash System

- **Depreciation** - Recognise depreciation and impairment of assets as expense in PL so that the periodic net result of operations of the entity reflects the use of the asset.
- **Inventories** - Difference arising on valuation of inventories at lower of cost and net realisable value, shall also be recognised in the PL.
- **Taxes** - Tax paid for FY shall be recognised as expense in PL. In case, entity has paid tax more than current tax for FY, and it is reasonably certain that additional tax paid will be received as refund, then it shall expense off amount in PL to the extent of actual current tax and recognise the balance amount as 'tax refund receivable' in the B/s

Utility on Determining Materiality

DETERMINING MATERIALITY

Features:

- Calculates the Overall Materiality for assurance engagements based on the level of risk assessed.
- Categorization of the Risk Assessment Parameters as Low, Medium or High Risk.
- Different benchmarks for different types of entities given as per the guidance under SA 320.
- Flexibility for choosing the percentage to be applied to the benchmark.
- Revised Materiality level can be calculated as the audit progresses.
- Mapping the impact of the material misstatements on the opinion.
- Documenting the materiality as the utility is in printable version.

Ascertainment of Level Overall Range of Score

Level	Scores Received		Narrative
	Greater than or equal to	Less than	
Level 1 Firm	30 %	50 %	Indicates that the firm is very nascent -will have to take immediate steps to upgrade its competency or will be left lagging behind
Level 2 Firm	50 %	70 %	Indicates firm has made some progress - will have to fine-tune further to reach the next level of competency
Level 3 Firm	70 %	85 %	Indicates firm has made substantial progress -will have to fine-tune further to reach the highest level of competency
Level 4 Firm	85 %	100 %	Indicates firms that have made significant adoption of standards and procedures - Should focus on optimising further

The overall ranking of the firm will be determined by computing the percentage of score achieved based on the ratio of the total Actual Score to the Maximum Score.
